(Campus Room & Tel. #) _____

Vehicle Information

Type: **ATV** **Snowmobile** **Other** (explain) _____

Year/Make: _____ Model: _____ Color: _____

Registration or Plate Number: _____ State: _____

Insurance Company & Policy No. (indicate if none) _____

- Safe operation of recreational vehicles is of primary importance. All laws, rules and regulations must be adhered to. Failure to operate a vehicle in a prudent manner will result in the loss of operating privileges. Reduce speed on campus.
- Recreational vehicles are not to be operated on any campus roadway, walkway, parking lot or other thoroughfare.
- Use of recreational vehicles on campus is restricted to open fields and areas away from any campus building.
- Any damage caused by vehicles to lawns, shrubbery, etc. will be assessed to the operator.
- Use of recreational vehicles on campus requires prior registration with the college; see either the Business Office or Campus Security.

NMCC Guidelines for Snowmobile Use on Campus

While Northern Maine Community College encourages students to enjoy the great snowmobiling trails in Aroostook County, in order to ensure safety and to avoid disturbing students or our neighbors, the college has implemented the following guidelines:

Snow sledders must abide by the campus speed limit of 15 mph. Reckless speed or conduct will lead to having your snowmobile operation privileges being revoked and your snowmobile being banned from campus.

Snowmobile operation should be on established trails. Go directly on/off campus. The field between Andrews Hall and Edgemont Drive is NOT a permitted area of operation other than to go directly on/off campus.

Snowmobiles must be parked on the outdoor basketball court or at the north end of campus near the parking lots. Snowmobile trailers need to be stored in the maintenance area to avoid problems during snow removal.

Snow sledders that create a disturbance, are excessively loud, or are reckless will be banned from campus.

Due to safety concerns, snowmobiles are NOT permitted on campus roadways or walkways.

Thank you for snowmobiling in a safe manner that does not disturb other students on campus.
