After downloading the LiveSafe app to your phone, you will need to set up your account settings. NM is a part of the Maine Community College System and as such the Organization you should select first is the Maine Community College System – next, select Northern Maine Community College as the community you would like to connect with.

If you see the screen below as your LiveSafe homepage, you need to adjust your settings. Please scroll down for directions on how to fix the organization.

- Click on the settings wheel ⁽²⁾ in the upper right-hand corner
- In the settings, select 'Manage Organizations'

• Select 'Add'

• Search for 'Maine Community College System' and select

• Select 'Northern Maine Community College'
